

# FOOD SAFETY POLICY

The objective of **Entogourmet** is to provide innocuous and safe food for the consumer that satisfy the needs of its Customers by complying with legal and specified requirements. At ENTOGOURMET we strive to meet the expectations our Customers have about the products we serve.

Likewise, the company aims to the full integration of their employees, and their involvement both in activities and in the achievement of the objectives of food security raised in the bosom of the Organization.

All the staff of ENTOGOURMET are aware of the wishes and expectations of the Customer are in the focus of all its initiatives and activities.

To ensure the correct communication of all those points that have an impact on quality and safety, ENTOGOURMET has developed an internal and external communication procedure suitable for its Organization.

ENTOGOURMET undertakes to comply with the requirements of the Customer, both those specified and those not established but necessary for its use or application, provided that the organization knows them, such as the laws and regulations applicable to the manufacture, security, service and those subscribed by the Organization.

ENTOGOURMET is committed to continuously improving of the effectiveness of the quality and food safety management system and will carry out successive reviews of it.

ENTOGOURMET relies on its Organization, that disseminates this policy and general lines of action, striving for the commitment of all employees to the quality and food safety of the production and service chain offered to its Customers.

This Food Quality and Safety Policy will form the basis for the development of policy-relevant and measurable objectives, established at relevant functions and levels of ENTOGOURMET.

This Policy will be reviewed periodically in order to develop the concept of continuous improvement as a key element in achieving excellence and maintaining market leadership.
